Zip-File-Content:

NIM-Logo and Header in common **JPG-format**: Logo with white background. Please use only on a white background as shown.

NIM-Logo in transparent **PNG-format**: These files include a transparency-channel and therefore can be used on nearly all backgrounds. Please ensure the logo is legible.

NIM-Logo and Header in vectorized **EPS-format**: Vector graphics can be magnified without loss of quality. Hence, they are particularly suitable for posters or similar purposes.
